

Archaeology News

- from the Division of Historic Preservation and Archaeology (DHPA), office of the Indiana State Archaeologist

- **Cemetery Development Plan Requirements-** Indiana Code 14-21-1-26.5 (<http://www.in.gov/legislative/ic/code/title14/ar21/ch1.html>) addresses certain types of development activities within 100 feet of a cemetery. For those who have to submit a cemetery development plan to our office, do not hesitate to contact our office and request the two page handout which explains what is required in the plan submittal. We will be happy to get you a copy, or you can easily access the document at <http://www.in.gov/dnr/historic/archmonth/pdf/cemdevelopplan.pdf>.

- **Indiana Archaeology Month event information arriving-** For the tenth anniversary of the statewide celebration of archaeology, we are receiving information from a number of organizations that have never held events before. We are pleased to report that several first-time hosts have already volunteered-- county historical societies, local public libraries, and even an Indiana unit of the National Park Service (a National Memorial). They are coming up with some creative and exciting events. Keep the information about your events coming in to our Archaeology Outreach Coordinator! Don't hesitate to contact Amy Johnson (ajohnson@dnr.IN.gov) with any information you have for the official calendar of events, as well as with any questions.

- **National Register Photography Guidelines Changes-** There have been some changes by the National Park Service to the guidelines for photographs which accompany nominations of sites to the National Register of Historic Places. If you are going to be involved in putting together a National Register nomination for an archaeological site or district, you should go to our division's website (<http://www.in.gov/dnr/historic/photographyguidelines.html>) to find out about these changes.

This information is distributed via email by the Indiana Department of Natural Resources, Division of Historic Preservation and Archaeology (DHPA). This is meant to provide information on current archaeological topics and issues in which the DHPA is involved. An archive of past *Archaeology News* issues is available at <http://www.in.gov/dnr/historic/archeonwsltr.html> . If you have any questions, do not hesitate to contact our office at 317/232-1646.
